

## ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Nature warns you when the track of health is not clear. Kidney and bladder troubles cause many annoying symptoms and great inconvenience both day and night.

Unhealthy kidneys may cause lumbago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion, as time passes you may have a sal-low complexion, puffy or dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose flesh.

If such conditions are permitted to continue, serious results may be expected; Kidney Trouble in its very worst form may steal upon you.

### Prevalence of Kidney Disease.

Most people do not realize the alarm-

ing increase and remarkable prevalence of kidney disease. While kidney disorders are among the most common diseases that prevail, they are almost the last recognized by patients, who usually content themselves with doctoring the effects, while the original disease may constantly undermine the system.

If you feel that your kidneys are the cause of your sickness or run down condition, try taking Dr. Kilmer's Swamp-Root, the famous kidney, liver and bladder remedy, because as soon as your kidneys improve, they will help the other organs to health.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., which you will find on every bottle.

One woman can be very fond of another—if they are a hundred miles apart.

## WESTERN CANADA'S GREAT HARVEST

Decidedly Encouraging From Every Standpoint.

Speaking of conditions generally in Canada, the most encouraging feature of the year, from a trade and financial standpoint, has been the bountiful harvest of the Northwest, where a greatly increased area under cultivation has given the highest average yield in the history of the country. It is estimated that the grain crop of Manitoba, Saskatchewan and Alberta has a market value to the producers of approximately four hundred million dollars, in the use of which we may anticipate not only the liquidation of much indebtedness, but the stimulation of current trade.

The annual reports of the various banks throughout Canada are now being published. They savor of optimism all the way through, and, contrary to what might be generally expected in war times, business is good everywhere.

The General Manager of the Bank of Montreal at the recent annual meeting said: "The position of Canada is a highly favored one, with an assured future of growth, development and general prosperity."

In the same report it is said that the Canadian West "has recovered to a marked extent from the economic dislocation of a year ago."

The season's wheat and other cereal crops have exceeded all previous records in quantity and quality, and, despite the enormous yield, prices have been uncommonly well maintained.

It would be difficult to exaggerate the importance of these results to the Prairie Provinces—and the Dominion at large.

The prosperity of those engaged in mixed farming and ranching is most encouraging.

The flour mills in Manitoba, Saskatchewan and Alberta are busy and are doing well. Their combined daily capacity is about 27,000 barrels.

The large advances of the Dominion Government to farmers in certain districts, principally in the form of seed, were made very opportunely and have been amply justified by the very large crop yield in those districts.

Business in many important lines is good and should continue to improve as returns from grain yet to be marketed are received.

The general business outlook has been transformed by the large crop.

The returns of the gross earnings of Canadian railroads for November show those of the Canadian Pacific increased \$1,796,000 or 78 per cent for the last nine days of the month. Compared with same month year ago, increase no less than \$5,291,000 or 67.6 per cent against a 45 per cent gain in October, and a decrease of 4½ per cent in September.

H. V. Meredith, of the Bank of Montreal, in a recent address delivered at Montreal, declared that the most encouraging feature from a trade and financial standpoint had been the bountiful harvest of the Northwest, where the greatly increased area under cultivation had given the highest average in history of the country. He estimated the grain crop of the three provinces at a value of over \$400,000,000, and said that such remarkable results would have the effect of attracting the tide of immigration to our shores, when the world is again at peace. The restoration of a favorable balance in our foreign trade is a factor of supreme importance at the present time.

It is the general opinion in the East that the 1915 grain crop in the Prairie Provinces not only put the whole Dominion in a sounder trade and financial standing, but that it will also result in a big increase in immigration to the West of agricultural settlers, who will include capitalized farmers from Europe and the United States as well as homesteaders.—Advertisement.

# How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."

—Mrs. FRED BEHNKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."

—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."

—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## Most Eminent Medical Authorities Endorse It

A New Remedy for Kidney, Bladder and all Uric Acid Troubles

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished Authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50 cent box of "Anuric" put up by Doctor Pierce, or send 10c for a large trial pack. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies today—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can have a sample of any one of these remedies by writing Dr. Pierce, and sending 10c for trial pack.
